ACADEMIC APPOINTMENTS

- | | |
|-----------------|--|
| 07.2020-present | Assistant Professor (tenure-track), Division of Humanities
Principle Investigator of Speech, Learning, and the Brain (SLaB) Lab
Associate Director, Center for Chinese Linguistics
Hong Kong University of Science and Technology (HKUST) |
| 09.2018-06.2020 | Postdoctoral Fellow, Research Center for Language, Cognition, and Neuroscience
Hong Kong Polytechnic University (HK PolyU) |
| 09.2017-08.2018 | Postdoctoral Fellow, International Chinese Education Center
Shanghai Jiao Tong University (SJTU) |

EDUCATION

- | | |
|------------------|--|
| 08.2012- 07.2017 | Doctorate of Philosophy in Linguistics,
University of Kansas (KU), USA |
| 09.2009-08.2012 | Master of Philosophy in Linguistics,
Chinese University of Hong Kong (CUHK), Hong Kong SAR, China |
| 09.2008-07.2009 | Master of Arts in Linguistics,
Chinese University of Hong Kong, Hong Kong SAR, China |
| 09.2004-07.2008 | Bachelor of Arts in French,
Central South University (CSU), Changsha, China |

GRANTS AND FELLOWSHIPS

1. Research Grants

External Funding

- | | |
|-----------|---|
| 2025-2027 | General Research Fund #15601024, Research Grants Council (RGC), Hong Kong, “The effects of auditory cueing during sleep on generalized phonetic learning: the case of non-native lexical tone learning.”, HKD 860,380, role: Co-I (PI: Dr. Caicai Zhang). |
| 2024-2025 | Early Career Scheme #26600623, Research Grants Council (RGC), Hong Kong, “Adult second-language learners’ consolidation of Cantonese tones during daytime naps: the role of prior knowledge.”, HKD 630,000, role: PI. |
| 2020-2024 | National Science Foundation Research Grant (BCS-2016750), “Enhancing the perception and recognition of spoken words in a second language: A cue-weighting approach.”, USD 449,961, role: Co-I (PI: Dr. Annie Tremblay). |

Updated Dec 2024

- 2023-2024 Multiple-Year Research Grant - General Research Grant (MYRG-GRG), Macau, “Linking production and perception of coarticulated tones: Tone merging in Cantonese.”, MOP 170,000, role: Co-PI (PI: Dr. Jingwei Zhang).
- 2019-2021 The *Language Learning* Early Career Research Grant (Wiley-Blackwell Publishers), “The effect of overnight consolidation on the generalization across talkers – a case study on Cantonese tones.”, USD 10,000, role: PI.
- 2016-2018 National Science Foundation Doctoral Dissertation Improvement Grant (BCS-1627554), “How native Chinese listeners and second-language Chinese learners process tones in word recognition: An eye-tracking study.”, USD 17,901, role: Co-PI (PI: Dr. Annie Tremblay).

Internal Funding

- 2023-2026 Seed Funding on the Theme of Aging, Healthcare, and Mental Wellbeing, “The effect of aging on language learning and consolidation: a case study on Cantonese-speaking older adults”, HKD 790,000, role: PI.
- 2022-2024 Sustainable Smart Campus as a Living Lab (SSC) Fund, “Staying smart by taking a nap”, HKD 500,000, role: PI
- 2022-2024 Institute for Emerging Market Studies (IEMS) Research Grants, “Language learning by aging populations from emerging markets: an empirical study in China”, HKD 180,000, role: PI.
- 2021-2022 Post-Doctoral Fellowship Matching Fund, HKD 162,000, role: PI.
- 2020-2025 New Faculty Start-up Fund, HKD 100,000, role: PI.

2. Travel Grants

- 2024 ASA Early Career Travel Award (\$500). Support: conference travel for the 186th Meeting of the Acoustical Society of America in Ottawa, CAN
- 2019 IPA Travel Bursaries (£600). Support: conference travel for the 19th International Congress of Phonetic Sciences (ICPhS 2019) in Melbourne, AU
- 2018 ASA Early Career Travel Award (\$500). Support: conference travel for the 176th Meeting of the Acoustical Society of America in Victoria, CAN
- 2017 ASA Student Transportation Subsidy (\$230). Support: conference travel for the 173rd Meeting of the Acoustical Society of America in Boston, MA
- 2015 KU Graduate Conference Travel Grant (\$500). Support: conference travel for the 18th International Congress of Phonetic Sciences (ICPhS 2015) in Glasgow, UK
- 2014 KU Confucius Institute Travel Grant (\$1000). Support: conference travel for the 7th Speech Prosody Conference in Dublin, IRL
- 2013 KU Confucius Institute Travel Grant (\$500). Support: conference travel for the 166th Meeting of the Acoustical Society of America in San Francisco, CA
- 2010 CUHK Graduate Conference Travel Grant (\$300). Support: conference travel for the 9th Phonetics Conference of China (PCC2010) in Tianjin, CN

3. Awards, Scholarships, and Fellowships

- 2021 The *Journal of Phonetics* Best Early Career Scholar’s Article of The Year (nomination)
- 2019 Early Career Researcher Award (shortlist) at the ICPhS 2019 in Melbourne, AU
- 2017 KU Linguistics Dissertation Fellowship, Department of Linguistics, USA
- 2016 KU Doctoral Student Research Fund, Office of Graduate Studies, USA
- 2015 Gösta Bruce Scholarship at the ICPhS 2015 in Glasgow, UK

Updated Dec 2024

- 2014 KU Alternative Winter Break Volunteering Scholarship, Utah, USA
- 2013 Best Student Paper Award in Speech Communication (1st place) at 166th ASA meeting, USA
- 2009 CUHK Postgraduate Scholarship (2 years), HK
- 2006 CSU Chair Scholarship in Foreign Language School, CN
- 2005 CSU First-class Academic Scholarship in Foreign Language School, CN
- 2003 Student Leadership Award of Shandong Province, CN

3. Refereed Proceedings

- Chui, Y. & **Qin, Z.** (2023). Distributional learning and overnight consolidation of a difficult non-native tone contrast. In *Proceedings of the 20th International Congress of Phonetic Sciences (ICPhS 2023)*, 2557-2561. Prague, Czech.
- Qin, Z.**, Jin, R., & Wu, R. (2023). The role of prior knowledge in second-language learners' overnight consolidation of Cantonese tones. In *Proceedings of the 20th International Congress of Phonetic Sciences (ICPhS 2023)*, 1881-1885. Prague, Czech.
- Qin. Z.** & Zhang, C. (2020). How sleep-mediated memory consolidation modulates the generalization across talkers: evidence from tone identification. In *Proceedings of Speech Prosody 2020*, 459-463. Tokyo, Japan.
- Qin, Z.**, Tremblay, A., & Zhang, J. (2019). Influence of within-category tonal information in the recognition of Chinese-Mandarin words by native and non-native listeners: An eye-tracking study. In *Proceedings of the 19th International Congress of Phonetic Sciences (ICPhS 2019)*, 245-259. Melbourne, Australia.
- Qin, Z.** & Jongman, A. (2015). L2 experience modulates learner' use of cues in the perception of L3 tones. In *Proceedings of the 18th International Congress of Phonetic Sciences (ICPhS 2015)*. Glasgow, UK.
- Qin, Z.** & Tremblay, A. (2014). Effects of native dialect on Mandarin listeners' use of prosodic cues to English stress. In *Proceedings of 7th Speech Prosody 2014*, 187-191. Dublin, Ireland.
- Qin, Z.** & Mok, P. (2012). The perception of speech and non-speech tones by tone and non-tone language listeners. In *Proceedings of 6th Speech Prosody 2012*, 366-369. Shanghai, China.
- Qin, Z.** & Mok, P. (2011). Perception of Cantonese tones by Mandarin, English and French speakers. In *Proceedings of the 17th International Congress of Phonetic Sciences (ICPhS 2011)*, 1654-1657. Hong Kong.

- Qin, Z. & Mok, P.** (2011). Discrimination of Cantonese tones by Mandarin, English and French speakers. In *Proceedings of the Psycholinguistic Representation of Tone Conference (PLRT)*, 50-53. Hong Kong.
- Qin Z.** (2010) The Production and Perception of French initial stops by Wu and Mandarin Speakers. In *Proceedings of the 9th Phonetics Conference of China (PCC2010)*. Tianjin, China.

PRESENTATIONS

1. Invited Talks and Colloquia

- Qin, Z.** (2024). “The effect of aging on the cognitive abilities in language performance: case studies on Cantonese-speaking older adults”, Research Back to Back Seminar Series, Center for Aging Sciences, HKUST, Hong Kong, November.
- Qin, Z.** (2024). “Age effect on language learning and consolidation in Cantonese-speaking older adults”, an invited poster demo in the *9th Golden Age Expo & Summit*, Hong Kong, August.
- Qin, Z.** (2023). “The use of coarticulatory tonal information in Cantonese spoken word recognition”, an invited talk for the sixth *Forum on Cantonese Linguistics (FoCaL-6 @ HKUST)*, Hong Kong, June.
- Qin, Z.** (2022). “How does training variability influence learning and consolidation of lexical tones?”, *Virtual Psycholinguistics Forum*, virtual, October.
- Qin, Z.** (2022). “Sleep to learn a (second) language”, the *Better Sleep, Smarter Brain* Workshop, Faculty of Arts, The Hong Kong Baptist University, Hong Kong, August.
- Qin, Z.** (2020). “The effect of overnight consolidation on the perceptual learning of Cantonese level tones”, Department of Linguistics and Modern Languages, The Chinese University of Hong Kong, Hong Kong, November.
- Qin, Z.** (2020). “Processing of lexical tones in the recognition of Mandarin-Chinese words by native Chinese listeners and second-language learners of Chinese”, Division of Humanities, The Hong Kong University of Science and Technology, Hong Kong, March.
- Qin, Z.** (2019). “How native Chinese listeners and second-language Chinese learners process tones in word recognition: an eye-tracking study” Linguistics Seminar, Department of Linguistics and Modern Language Studies, The Education University of Hong Kong, Hong Kong, October.
- Qin, Z.** (2019). “Influence of within-category tonal information in the recognition of Mandarin-Chinese words by native and non-native listeners: an eye-tracking study” Linguistics Seminar, Department of Chinese Language and Literature, University of Macau, Macau, March.
- Qin, Z.** (2018). “Does second language experience modulate perception of tones in a third language?” Young Scholar Seminar on Chinese Phonetics and Phonology, Department of Chinese Languages and Literature, Fudan University, Shanghai, May.
- Qin, Z.** (2018). “How second language experience modulates listeners’ perception of Cantonese tones?” Linguistics Seminar, International Chinese Education Center, Shanghai Jiao Tong University, Shanghai, April.
- Qin, Z.** (2017). “Does second language experience modulate learners’ perception of Cantonese tones?” Experimental Phonetics Workshop, Shanghai International Studies University, Shanghai, November.
- Qin, Z.** (2017). “How native Chinese listeners and English-speaking second-language learners of Chinese use fine-grained tonal information in recognition of spoken words: an eye-tracking study”. Linguistics Colloquy, University of Kansas, Lawrence, KS, March.
- Qin, Z.** (2017). “How native listeners and adult second-language learners of Chinese process tones in recognition of Chinese spoken words: an eye-tracking study”. Child Language Proseminar, University of Kansas, Lawrence, KS, March.
- Qin, Z.** (2016). “How native Chinese listeners process tonal information in recognition of Chinese words: an

eye-tracking study". Lab Seminar at the Center for Brain and Cognitive Science, Peking University, Beijing, June.

Qin, Z. (2015). "Second language processing of English stress by Mandarin-speaking learners." *Linguistics Colloquy*, University of Kansas, Lawrence, KS, February.

2. Conference Oral Presentations

Wang, Y., & **Qin, Z.** (2024). The attention control of younger and older adults in Hong Kong: Cantonese tone processing in the forced attention dichotic listening task. *Architectures and Mechanisms for Language Processing Asia (AMLaP Asia 2024)*, Singapore.

Wang, Y. & **Qin, Z.** (2024). L2 proficiency and tone type are related to attentional control: Cantonese-English bilinguals' processing of Cantonese tones. *The International Symposium on Language Science (ISLS)*, Hong Kong.

Chen, X., Lu, J., **Qin, Z.**, Hu, X., & Zhang, C. (2023). Benefits of targeted memory reactivation in perceptual learning of non-native tones are associated with slow-oscillation phase and delta-theta power. *The Second International Conference on Tone and Intonation (TAI 2023)*, Singapore.

Wang, Y. & **Qin, Z.** (2023). Does bilingualism influence attentional control in the Cantonese tone dichotic listening? *The Second International Conference on Tone and Intonation (TAI 2023)*, Singapore.

Wu, R., **Qin, Z.**, & Zhang, C. (2023). Daytime naps consolidate Cantonese tone learning through talker generalization. *The Second International Conference on Tone and Intonation (TAI 2023)*, Singapore.

Wang, Y. & **Qin, Z.** (2023). The effect of bilingualism on inhibitory control in the forced-attention dichotic listening task of Cantonese tones. *The 6th Forum on Cantonese Linguistics (FoCaL-6 @ HKUST)*, Hong Kong.

Chui, Y. & **Qin, Z.** (2022). Do Cantonese speakers exhibit distributional learning effects on the acquisition and consolidation of Mandarin tones? *The 5th Buckeye East Asian Linguistics Forum*, virtual conference, the Ohio State University, Columbus, Ohio.

Qin, Z. (2022). Do second-language learners' productivity of Mandarin tone sandhi change with increasing proficiency? *The 28th Annual Conference of the International Association of Chinese Linguistics (IACL-28)*, virtual conference.

Qin, Z. & Zhang, C. (2019). How the overnight consolidation process modulates the perceptual learning of novel tonal contrasts. *The Seoul International Conference on Speech Sciences 2019*, Seoul, South Korea.

Qin, Z. & Lee-Kim, S-I. (2019). The effect of linguistic experience on the perception of non-native lexical tones. *The Seoul International Conference on Speech Sciences 2019*, Seoul, South Korea.

Qin, Z. & Zhang, C. (2019). The effect of overnight consolidation in the perceptual learning of non-native tonal contrasts. *The 19th Workshop on Cantonese (WOC-19) Cantonese Study: An Empirical Approach*, Hong Kong.

Qin, Z., Tremblay, A., & Zhang, J. (2018). Influence of fine-grained tonal variability on native Chinese listeners and second-language Chinese learners' word recognition: An eye-tracking study. *The Hanyang International Symposium on Phonetics and Cognitive Sciences of Language 2018*, Seoul, South Korea.

Qin, Z., Tremblay, A., & Zhang, J. (2017). How fine-grained variability of lexical tones influences native and non-native Chinese listeners' word recognition: An eye-tracking study. Paper *The 2017 Annual Research Forum of Linguistics Society of Hong Kong*, Hong Kong.

Connell K., Hüls S., Martínez-García, M.-T., **Qin, Z.**, Shin S., Yan H., & Tremblay, A. (2016). Time Course of Chinese and Korean Listeners' Use of Stress in English Word Recognition. *The 8th International*

Symposium on the Acquisition of Second Language Speech (New Sounds), Denmark.

Qin, Z. & Jongman, A. (2015). Does second language experience with Mandarin Chinese modulate English-speaking L2 learner' perception of tones in a third language? *The 27th North American Conference on Chinese Linguistics (NACCL-27)*. Los Angeles, CA.

Qin, Z. (2013). Processing of English stress by Mandarin-speaking learners. *The 7th International Symposium on the Acquisition of Second Language Speech (New Sounds)*. Montreal, Canada.

Briz Hernandez, I., **Qin, Z.** & Mok, P. (2012). L3 acquisition of the voicing contrast in Spanish by Cantonese learners. *The International Conference on Bilingualism and Comparative Linguistics*. Hong Kong.

3. Conference Poster Presentations

Liu, K., Feng, Y., & **Qin, Z.** (2024). Does prior knowledge benefit Mandarin-speaking older adults' memory consolidation in Cantonese tone learning? *Architectures and Mechanisms for Language Processing Asia (AMLaP Asia 2024)*, Singapore.

Chui, Y., Lai, S., & **Qin, Z.** (2024). Pitch memory, but not pitch aptitude, predicts implicit statistical learning of non-native tone contrasts by older adults. *Society for the Neurobiology of Language 16th Annual Meeting (SNL 2024)*, Brisbane, Australia.

Qin, Z., Wu, R., & Zhang, C. (2024). Prior knowledge benefits nap-mediated consolidation of Cantonese tones through talker generalization. *Society for the Neurobiology of Language 16th Annual Meeting (SNL 2024)*, Brisbane, Australia.

Chui, Y., Lai, S., & **Qin, Z.** (2024). Distributional learning of non-native tone contrasts by older adults after training and overnight consolidation. *The 186th meeting of the Acoustical Society of America*, Ottawa, Canada.

Liu, K., Feng, Y., & **Qin, Z.** (2024). Prior knowledge benefits older adults' tonal consolidation through talker generalization. *The 186th meeting of the Acoustical Society of America*, Ottawa, Canada.

Chui, Y. & **Qin, Z.** (2023). Individual differences in the distributional learning and overnight consolidation of lexical tones. *Architectures and Mechanisms for Language Processing Asia (AMLaP Asia 2023)*, Hong Kong.

Wang, Y. & **Qin, Z.** (2023). Does multilingualism influence attentional control in the forced-attention dichotic listening task of Cantonese tone? *Architectures and Mechanisms for Language Processing Asia (AMLaP Asia 2023)*, Hong Kong.

Qin, Z. & Lee-Kim, S-I. (2023). The effect of second-language learning experience on Korean listeners' use of pitch cues in the perception of Cantonese tones. *Hanyang International Symposium on Phonetics and Cognitive Sciences of Language (HISPhonCog 2023)*, Seoul, South Korea.

Qin, Z., Jin, R., & Zhang, C. (2022). The effects of training variability and pitch aptitude on overnight changes of tone learning. *The 18th Conference on Laboratory Phonology (LabPhon18)*, virtual conference.

Qin Z. (2018). Effect of native Korean dialects on Chinese learners' perception of lexical tones. *The 176th meeting of the Acoustical Society of America*, Victoria, Canada.

Qin Z., Zhang, J. & Tremblay, A. (2017). How within-category gradience in lexical tones influences native Chinese listeners and second-language Chinese learners recognize words: An eye-tracking study. *The 173rd meeting of the Acoustical Society of America*, Boston, MA.

Jongman, A. **Qin Z.**, Sereno, J. & Zhang, J. (2016). JNDs for pitch height and pitch contour for Chinese and American listeners. *The 5th joint meeting of the Acoustical Society of America and Acoustical Society of Japan*, Honolulu, HI.

Updated Dec 2024

Connell K., Hüls S., Martínez-García, M.-T., **Qin Z.**, Shin S., Yan H., & Tremblay, A. (2016). Effects of native language on the use of segmental and suprasegmental cues to stress in English word recognition: An eye-tracking study. *The 5th joint meeting of the Acoustical Society of America and Acoustical Society of Japan*, Honolulu, HI.

Qin, Z. & Jongman, A. (2014). Does second language experience modulate perception of tones in a third language? *The 168th meeting of the Acoustical Society of America*. Indianapolis, IN.

Qin, Z. & Tremblay, A. (2013). Effect of native Mandarin dialects on English learners' use of prosodic cues to stress. *The 166th meeting of the Acoustical Society of America*. San Francisco, CA.

TEACHING

1. Hong Kong University of Science and Technology

As Lecturer:

2023-present	HUMA 2400 Approaches to Humanities in China Studies
2022-present	HUMA 3050 Psychology of Language
2021-present	HUMA 1010 Introduction to Language
2021-present	HUMA 5060 Chinese Phonetics and Phonology
2020 Fall	MILE 5303 Phonetics and Phonology of the Chinese Language

2. Hong Kong Polytechnic University

As Guest Lecturer:

2019 Summer	Advanced Topics in Research Methodology for Language Sciences (Eye-tracker section)
-------------	---

As Teaching Assistant:

2019 Summer	Advanced Topics in Psycholinguistics and Neurolinguistics
2019 Summer	Advanced Topics in Research Methodology for Language Sciences (EEG, fMRI, Eye-tracker, and tDCS)

3. University of Kansas

As Guest Lecturer:

2015 Fall	Second Language Acquisition
-----------	-----------------------------

As Teaching Assistant:

2017 Spring	Psycholinguistics
2013-2014	Intermediate Chinese
2012-2013	Introductory Linguistics

4. Chinese University of Hong Kong

As Teaching Assistant:

2012 Summer	Chinese Language Testing
2011-2012	Psycholinguistics; Computer-assisted Language Learning
2010-2011	Phonetics I; Linguistics Research Methods
2009-2010	Phonetics I; Psycholinguistics

SUPERVISION

Research Postgraduate Students (Supervisor)

Jeremy, Yinto CHUI (Ph.D. & MPhil student, Hong Kong Ph.D. Fellowship Awardee)

Updated Dec 2024

2012-2013 Co-editor, Kansas Working Papers in Linguistics

MEMBERSHIPS

1. Academic Associations

2024-present Society for the Neurobiology of Language

2022-present Association for Laboratory Phonology

2021-present International Association of Chinese Linguistics

2017-present Linguistics Society of Hong Kong (Lifetime membership)

2012-present Acoustical Society of America (Full membership)

2011-present International Phonetics Association

2021-2022 Chinese Language Teacher Association

2. Affiliated Labs/Centers

2024-present	Speech, Learning, and the Brain (SLaB) Lab, HKUST
2023-present	SHSS Eye-tracking Laboratory, HKUST
2022-present	Institute for Emerging Market Studies, HKUST
2021-present	Center for Aging Science, HKUST
2020-present	Center for Chinese Linguistics, HKUST
2019-2020	Laboratory for Ambient Intelligence and Multimodal Systems, SIAT-Shenzhen
2018-2020	Research Centre for Language, Cognition and Neuroscience, HK PolyU
2012-2017	Second Language Processing & Eye-tracking Lab, University of Kansas
2012-2017	KU Phonetics and Psycholinguistics Lab, University of Kansas

3. Visiting Experiences

01-08, 2016	Visiting Researcher, Center for Brain and Cognitive Science, Peking University, China
09-12, 2006	Exchange Student, Rovaniemi Polytechnic, Finland

4. Non-academic Associations

2017-2018	Shanghai Xujiahui Toastmasters Club
2016-2017	KU Men's Volleyball Club
2009-2012	CUHK Three-heart Volunteer Club

MEDIA & OUTREACH

- 2024 My sleep and language learning research featured in an interview by Hong Kong *Wen Wei Po*: <https://dw-media.tkwk.hk/epaper/wwp/20240319/a07-0319.pdf>; a [link](#) to video
- 2022 My talk "Sleep to learn a (second) language" featured in the *Better Sleep, Smarter Brain Workshop*: <https://www.youtube.com/watch?v=9TTqab5WpmY>

TECHNICAL SKILLS

1. Certificates

2019	Online University Teacher Training, EDC, HK PolyU
2017	Second Language Studies Certificate, University of Kansas
2016	Research in Language and Cognitive Sciences Certificate, Chinese Psychology Society
2015	University Orientation Volunteer Certificate, KU
2011	Three-heart Club Volunteer Certificate, CUHK

2. Languages

Mandarin Chinese (native); English (advanced); Cantonese (intermediate); French (intermediate).

3. Softwares

Acoustic analysis:	MBROLA, Multi-Speech, Praat
Stimuli presentation:	STIM2 (Neuroscan), MATLAB, E-Prime, Experiment Builder (SR research), Paradigm, PsychoPy
Statistics:	R, SPSS, MATLAB
